

Ans #3: Extending {plumber2}

• `'add_p1number2_tag()' - prep your router`

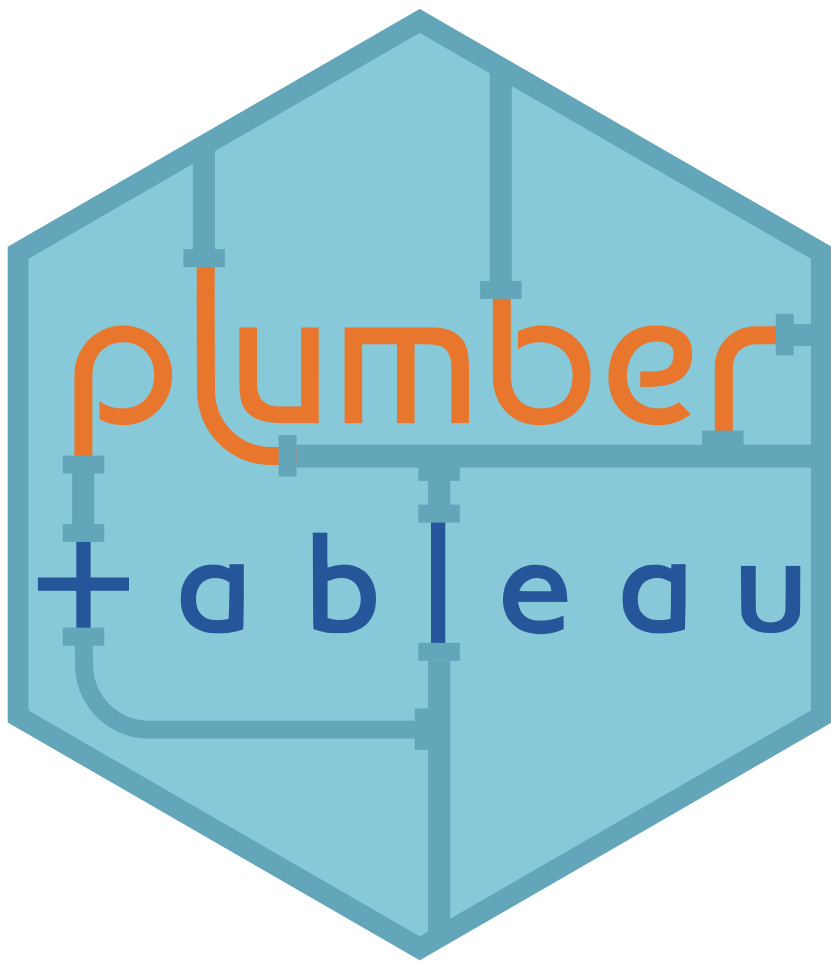

• `appy_number2_block` - processes your router

• Need to revisit $\{p, \text{unbounded}\}$'s implementation

- `{p\lumber2tab\leau}` ???

`{p\lumbertab\leau2}` ???

Ans #3: Extending {plumber2}

- ``add_plumber2_tag()`` - prep your router
- ``apply_plumber2_block()`` - process your router
- Need to revisit {plumbertableau}'s implementation
- {plumber2tableau} ??
 {plumbertableau2} ??

Future of `{plumber}`
