

```
#* Echo back the inputs
#* @param msg The path message to echo
#* @query msg The query message to echo
#* @body msg The body message to echo
#* @post /echo/<msg>
function(msg, query, body) {
  glue(
    "msg:      `{msg}` , ",
    "query:    `{query$msg}` , ",
    "body:     `{body$msg}` "
  )
}
```

Problem #2: Routing
