

Ans #3: Extending {plumber}

• `'add_p1number2_tag()' - prep your router`

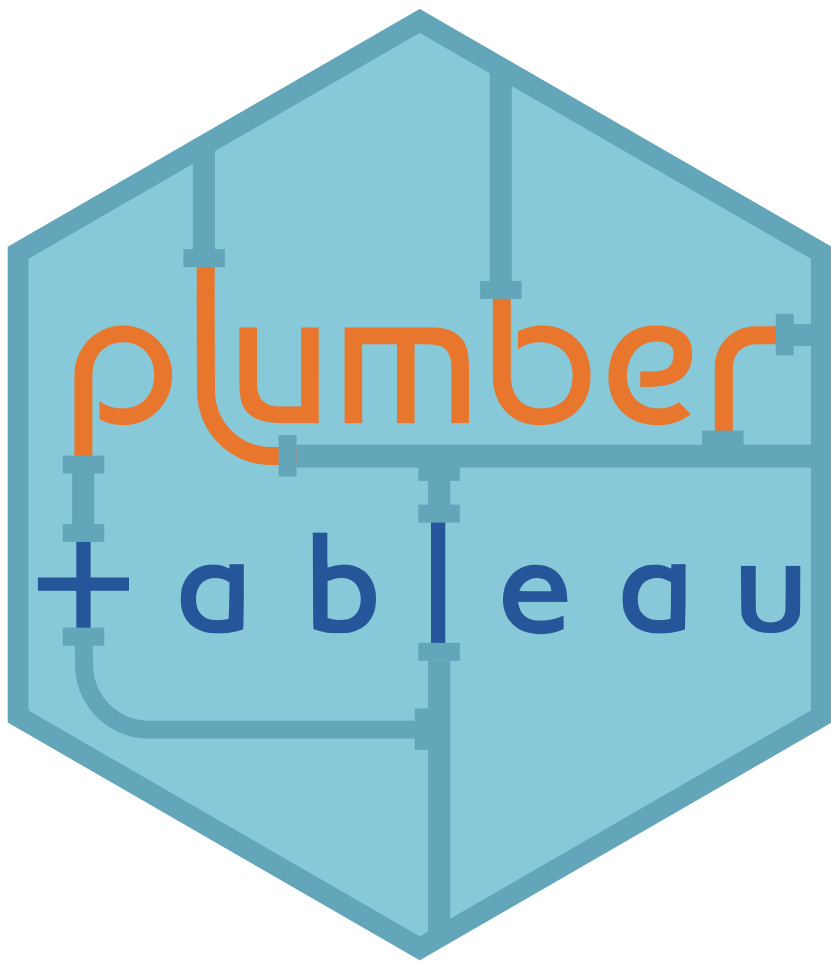

• `appy\_number2\_block` - processes your router

• Need to revisit  $\{p, \text{unbent}, \text{ab}, \text{lead}\}$ 's implementation

- `{p\lumber2tab\leau}` ???

`{p\lumbertab\leau2}` ???

2

# Ans #3: Extending {plumber2}

- ``add_plumber2_tag()`` - prep your router
- ``apply_plumber2_block()`` - process your router
- Need to revisit {plumbertableau}'s implementation
- {plumber2tableau} ??  
  {plumbertableau2} ??

# Future of `{plumber}`
